Variations / Custom product: recessed with 3 vectors

On the 101st anniversary of its birth, **Larusmiani** entrusts Benedetto Camerana and Sirio Barillaro with the design of its new store: the project is a concept store in which clothing and lifestyle dialogue with the culture of automotive and exhibit design, in synergy with the brand's style, values and contemporaneity. Artemide created a custom lighting design for the Milan shop, enhancing elegance and refinement. The result is a recessed module containing three **Vector**, making the environment unique, where elegance and sophisticated lighting blend perfectly, creating an exclusive shopping experience. Artemide has contributed to making the Larusmiani boutique a place of atmospheric and refined light.
