

# Supersalone 2021

➤ SUPERSALONE 2021

Milan Fairground, Rho Pero  
Hall 2, Gangway B24  
05-10/09/2021

At Supersalone, Artemide will be presenting the new products resulting from its ongoing collaboration with leading international architects, a synthesis and witness of vision, research and know-how: an increasingly universal light that interprets Made in Italy and the culture of design that has made Milan the design capital of the world.

Ph. Giovanni Gastel

From the Supersalone, a shuttle service will run every day of the event to the nearby New Exhibition Centre designed by Mario Cucinella at the Artemide Headquarters in Pregnana Milanese.
