Quick Starting Guide

IT ATTENZIONE

- Tutte le operazioni devono essere eseguite da personale specializzato, è responsabilità dell'utente assicurare tutte le compatibilità tra il sistema di binari e gli apparecchi.
- Rischio di scossa elettrica - collegare solo all'alimentazione SELV 48V DC con segnale di controllo SELV - non collegare mai alla tensione di rete.
- Il sistema di binari di classe III non è compatibile con il sistema di binari di classe I e di classe III di altri produttori.
- Il carico meccanico deve essere inteso come il carico completo dell'intero sistema.

EN WARNING

- All operations must be done by specialized personnel, it is user's responsibility to ensure all compatibilities between track system and luminaires.
- Risk of electric shock – connect only to 48V DC SELV supply with SELV control signal only – never connects to mains voltage.
- Class III track system is not compatible with class I track system and class III track system from other manufacturer.
- Mechanical loading shall be intended as the complete loading of the whole system.

FR AVERTISSEMENT

- Toutes les opérations doivent être effectuées par du personnel spécialisé, il est de la responsabilité de l'utilisateur de s'assurer de toutes les compatibilités entre le système de rails et les luminaires.
- Risque de choc électrique - connecter uniquement à l'alimentation SELV 48V DC avec le signal de contrôle SELV uniquement - ne jamais connecter à la tension du secteur.
- Le système de rails de classe III n'est pas compatible avec le système de rails de classe I et le système de rails de classe III d'un autre fabricant.
- Le chargement mécanique doit être compris comme le chargement complet de l'ensemble du système.

ES ADVERTENCIA

- Todas las operaciones deben ser realizadas por personal especializado, es responsabilidad del usuario asegurar todas las compatibilidades entre el sistema de carriles y las luminarias.
- Riesgo de descarga eléctrica - conecte sólo a la alimentación SELV de 48V DC con señal de control SELV - nunca conecte a la tensión de red.
- El sistema de carriles de clase III no es compatible con el sistema de carriles de clase I ni con el sistema de carriles de clase III de otro fabricante.
- La carga mecánica debe entenderse como la carga completa de todo el sistema.

DEU WARNUNG

- Alle Arbeiten müssen von Fachpersonal durchgeführt werden, es liegt in der Verantwortung des Anwenders, alle Kompatibilitäten zwischen Schienensystem und Leuchten sicherzustellen.
- Gefahr eines elektrischen Schlages - nur an 48V DC SELV-Versorgung mit SELV-Steuersignal anschließen - niemals an Netzspannung anschließen.
- Das Schienensystem der Klasse III ist nicht kompatibel mit dem Schienensystem der Klasse I und dem Schienensystem der Klasse III von anderen Herstellern.
- Die mechanische Belastung ist als vollständige Belastung des gesamten Systems zu verstehen.

3

The diagram illustrates the assembly sequence for the 1st module. It shows a perspective view of a long, thin, angled component. A black box labeled 'A' with a downward arrow indicates the placement of a component from a box icon. Three red dashed circles highlight specific assembly points along the component. Below these circles are three red dashed boxes labeled 'Fig. 4-5', 'Fig. 6', and 'Fig. 7-8' respectively, indicating the corresponding figures in the manual. A small circular icon is also shown above the component.

4

C

5b

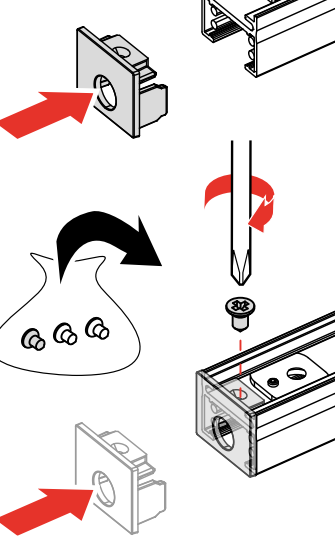

Diagram 5b illustrates the mounting of the front panel. A red arrow points to a bracket, and a curved arrow points to a bag of screws. Another red arrow points to the bracket. On the right, a screw is being inserted into a pre-drilled hole in the front panel of the metal frame.

7

Diagram 7 illustrates the correct and incorrect ways to insert the connector into the rail. The top part shows the connector being inserted into the rail. The bottom part shows the connector being inserted into the rail. The right side shows two diagrams of the connector in the rail, one with a checkmark and one with a red X, indicating the correct and incorrect insertion methods.
