

RE-DESIGN  
REGENERATING SPACES,  
OBJECTS, IDEAS, RELATIONS.

# Carlotta de Bevilacqua Awarded at IDW 2026

At **Italian Design Week 2026** in Washington D.C., **Carlotta de Bevilacqua**, President and CEO of **Artemide**, receives the **“Champion in Interior Design” award**, as part of the fifth edition of the event promoted by IMARK with the support of the Embassy of Italy in the United States. Dedicated to the theme of **“Regeneration”** and shaped by the vision of Mario Cucinella, Ambassador of the 2026 edition, the event stands as an international platform for discussion on the value of Italian design as an expression of innovation, design culture and dialogue between productive and cultural systems. In this context, the award presented to Carlotta de Bevilacqua highlights Artemide’s role within the landscape of design research and its contribution to the evolution of design as a driver of responsible transformation.

Carlotta de Bevilacqua is presented with an award during Italian Design Week 2026 in Washington, in front of the event’s official backdrop.
