Within the **ONIRICA** suite, designed by **Lombardini22** for the **MODE Eco Mood Hotel** in Rimini, **Artemide's** light guides guests on an immersive journey between reality and imagination. The visionary atmospheres inspired by Fellini's world find in light a narrative and sensorial element that transforms space and amplifies emotion. Artemide luminaires, selected for their quality, technology, and sustainable design, interact with the suite's materials and color palette to create poetic, ever-changing scenarios.

"O" suspension - Elemental

Eclisse - Vico Magistretti

Decomposé Light Suspension - atelier oï

↗ A balance between beauty and consciousness, where light becomes both language and material of design.

nh floor - Neri&Hu

Eclisse - Vico Magistretti

A project that celebrates the harmony between beauty, innovation, and responsibility — values shared by Artemide and Lombardini22 in pursuit of a conscious and emotionally engaging design.
