Alphabet of Light System - BIG

Alphabet of Light System - BIG

A.24 Circular Stand Alone - Carlotta de Bevilacqua

CML Europe, market leaders in circuit boards for the automotive industries, built a new headquarters in Palmbach near Karlsruhe. The objective of the lighting design was to reflect the DNA of the company in accordance with the overall architecture. The circuit boards could be reconstructed perfectly with the DALI controlled Alphabet of Light system and ideally fit in the innovative architecture at the same time.
