Authors

Herzog & de Meuron

Established in Basel in 1978, Herzog & de Meuron is a partnership led by Jacques Herzog and Pierre de Meuron together with Senior Partners Christine Binswanger, Ascan Mergenthaler, Stefan Marbach, Esther Zumsteg, and Jason Frantzen. An international team of nearly 500 collaborators including the two Founders, five Senior Partners, nine Partners, and 42 Associates work on projects across Europe, the Americas and Asia. The main office is in Basel with additional offices in London, New York, Hong Kong, Berlin and Copenhagen.

The practice has designed a wide range of projects from the small scale of a private home to the large scale of urban design. Many projects are highly recognized public facilities, such as museums, stadiums, and hospitals, and they have completed distinguished private projects including offices, laboratories and apartment buildings. Awards received include the Pritzker Architecture Prize (USA) in 2001, the RIBA Royal Gold Medal (UK), the Praemium Imperiale (Japan), both in 2007, and the Mies Crown Hall Americas Prize (USA) in 2014.

Trois Rois

Herzog & de Meuron
2025

The Trois Rois lamp was originally conceived as part of The Council, the first space completed by Herzog & de Meuron for the Les Trois Rois hotel in Basel. An intimate room featuring two facing fireplaces and contrasting, tactile surfaces.

Complex technical engineering and deep textile expertise come together in this portable, rechargeable, dimmable lamp with a whimsical character. It is also available in a die-cast aluminum version, suitable for more dynamic environments. The diffuser houses the light source, electronic components, and battery, casting a soft glow beneath the shade. The meeting point of the three legs discreetly hides the charging port, while a brass element on the top surface turns the lamp on and adjusts brightness with a gentle touch.

Trois Rois

Materials:

Alluminum / Alluminium, Velvet

Body:

● Alluminium

Fabric:

● Purple velvet

● Red velvet

CCT: 3000K

CRI=90

Total Power: 2,4W
