Artemide

Altagamma - The Mirror of Italian Excellence

On the first National Made in Italy Day, promoted by the Ministry of Enterprise and Made in Italy with the support of **Altagamma**, **Artemide** had the privilege of taking part in the exhibition "**Lo Specchio dell'Eccellenza Italiana - Viaggio nella manifattura di Altagamma**", hosted at Palazzo Piacentini in Rome.
The exhibition, which celebrates the multifaceted genius of Leonardo da Vinci on the anniversary of his birth, is a fascinating journey through the italian excellence.
Artemide fits into this emblematic context with its iconic products, evidence of Italian mastery that fuses art and science, creativity and technique.
Through two distinct narrative paths, visitors were able to immerse themselves in the fascination of our manufacturing: on the one side, admiring the forms and functionality of our design products, and on the other, exploring the secrets of our production through engaging immersive videos.

The beauty of **Artemide icons** thus becomes a mirror of the talent and skill of our craftsmen, offering a privileged glimpse of the culture of the **Beautiful, Good and Well-made** that characterises our country.
With this participation, Artemide confirms itself as an integral part of the heritage of skills and excellence of the Italian supply chains, contributing to enhancing the prestige of the high-end manufacturing industry on the international scene.
